Payment Policy

We believe it is important not only to provide the highest quality of dental care, but also to make the care affordable to our patients.

For those patients not covered by dental insurance: The total fee for service is due when treatment is rendered. We can provide you with a payment option of Care Credit. Care Credit is a credit card for dental and medical services. It is you have to apply for before treatment begins.

For patients that have dental insurance: We will be happy to process your insurance claims for you. Any co-pay and deductibles are due on the date of your service. Our estimate of your portion is based on the information we receive from your insurance company when we verify your coverage. It is only an estimate. Unfortunately, with some insurance companies posterior composites are downgraded to amalgams, leaving the patient/guarantor responsible for those differences. It is always a good idea to do a pre-estimate for services over $250.00.

Your insurance is a contract between you/the subscriber, your employer, and your insurance company. This office is not a party to that contract. The filling of your insurance is a courtesy which we will extend to you, however: ***All charges are your responsibility.***

All patients: Should you fail to pay fees for services in accordance with the foregoing you agree to pay all cost and expenses we incur in collection you account, including any attorney's fee.

By signing, I understand and agree to the above:
